## Professional two-stage belt driven compressor, ideal for heavy and continuous use.

A two-stage three-phase belt driven compressor with star-delta starter designed for intensive use by professionals, it is equipped with a 7.5 hp pumping unit with highly efficient operation cast iron cylinders with large manifolds for better cooling and robust metal belt covers protecting moving parts. The 270-litre tank for a large air reserve with four sturdy support feet with vibration dampers make it stable in use.
